The scoring is as follows: Your own county - 1 point, any adjoining county - 2 points, any other county in EI or GI - 6 points. Any contacts outside EI or GI count for only 1 point. The report is a serial number starting with 001 and your county. The final score is the total number of points multiplied by the total number of counties worked. ## **Limerick Radio Club**

The Annual Limerick Radio Club rally was held on Sunday last March the 21st in the Limerick Inn Hotel. The large attendance, up on last year, enjoyed a fine selection of new and second hand gear with both Southeast Communications and Long Communications putting on excellent displays. The Army, represented by the 3rd Field Signals from Sarsfield Barracks, put on a very interesting display of both up to the minute and older communications equipment. There was free draw on the entry tickets for a television sponsored by Irish Multichannel. The lucky winner was Liam Daly of the aforementioned 3rd Field Signals. Limerick Club Chairman Paul Kirkby EI6FE would like to express thanks to all who made the event such a success with a special thanks to the traders who made it all possible.
